The Medical Director

Medivolt Healthcare

Sir/ma

Application for the position of Medical Laboratory Scientists

I am interested in the position of 'Medical Laboratory Scientists' in Abuja, as advertised by your organisation. The requirements closely match my educational background and past experience. Hereby, I have enclosed my resume to provide detailed information on my qualifications and skills for your review.

Throughout my past professional career, I have undertaken various important responsibilities with utmost sincerity. I have conducted Health analysis of services and products, prepared the analysis reports, coordinated with the research data product team in order to ensure that the data collected are up to date. I acquired the following skills after completing my five years university degree (BMLS) in **Medical Laboratory Science, from University of Jos.**

- Good interpersonal skills and communication skills.
- Teamwork
- Innovative
- General pre analytical and post laboratory analytical skills.
- Results and quality Orientation
- Behavioural Flexibility.
- Ability to maintain good client relationships
- Stress Management
- Proficiency in the use of Microsoft office applications, including MS word, Excel and PowerPoint.

With an urge to work both independently and well, in a team; I am positioned to exceed your expectations. I would look forward to get an opportunity to meet with you to discuss my candidacy in more details. I thank you very much for your time and consideration.

Yours sincerely,

Kwarshit Nanle Anthony.
