Summary

Dedicated medical professional and aspiring scholar with a profound commitment to community health and a passion for emergency medicine. Multilingual proficiency in English, Hausa, and Arabic complements my exceptional communication and leadership skills. As a Casualty Officer at Federal Medical Centre, Jabi, I have exhibited adaptability and critical thinking in the demanding Medical Emergency unit. My notable achievements include a published research paper, awarded at the International Radiology Undergraduate Symposium Annual Conference 2022. Proven track record of organizing and leading impactful projects and conferences, as well as two years of post-graduation clinical experience. Seeking a job as a medical officer to further develop my skills as a healthcare professional.

Work Experience

Casualty Officer

Federal Medical Centre • F.C.T., Abuja

05/2023 - Present

- Responsible for delivering immediate medical care to patients with acute conditions or injuries. This role involves tasks such as conducting rapid assessments, prioritizing cases based on severity, and formulating treatment plans.
- Coordinate with other healthcare professionals, perform medical procedures, prescribe medications, and communicate effectively with patients and their families.
- Adherence to established protocols, accurate documentation, continuous learning, and crisis management are integral aspects of this role.
- Ability to provide prompt and effective care in high-stress situations contributes significantly to the smooth functioning of the emergency department.

Volunteer Doctor

National Bar Association • F.C.T., Abuja

07/2021 - 12/2023

- Covered pediatrics outpatient department during the outreach program
- Documented patient visits by recording medical history, exam notes, diagnoses and treatment plan.
- Ordered lab work and reviewed lab results for patient diagnosis and care.
- Prescribed medications or therapies with comprehensive administration instructions.
- Delivered medical consultation, referral, or evaluation to facilitate patient care.

Tutor

Acemedix Academy • F.C.T., Abuja

08/2021 - 05/2023

- Helped prepare candidates sitting for the medical and dental council of Nigeria licensing examination.
- Applied learning strategies to assist students with concepts.
- Coordinated lesson plans, course materials and discussion questions to prepare for session.
- Diversified teaching methods to meet student learning styles.
- Acquired new skills via training and development sessions.
- Simulated testing environments for student exam preparation.
- Improved student test-taking through practice and revision.

House Officer

Maitama District Hospital • F.C.T., Abuja

12/2021 - 12/2022

- Selected as the Chief House officer at the hospital, and deputy Chief house officer for the FCTA Hospitals for 2021-2022
- Responsible for taking histories, examining patients, reaching an initial diagnosis, interpretation of lab tests, and making a treatment plan after consulting with a medical officer/ consultant, and documenting information
- Preparing patients for surgeries and performing minor procedures such as catheterization, venupuncture, lab sample collection etc.
- Effectively ran ARV Clinics, breaking news to HIV patients, counselling them managing follow up care.
- Ran ANC and PNC clinics, counselled on breastfeeding, successfully performed cesarian sections, manual vacuum aspirations and other gynecological procedures
