SUMMARY

A highly motivated and Experienced medical Officer trained at the October 6th University, Egypt with about 2 years of experience. Effective at multi-tasking while maintaining a sharp focus on the end objective. Highly capable of interacting with people from all walks of life. Motivated to learn and apply new concept and skills. Significant experience in working with humanitarian organizations in an emergency and developmental context. Skilled in first aid and infectious disease control. Participated in a range of community services to give back to the people. I am eager to utilize my skills as a graduate in Medicine to provide wellbeing to patients and families.
