The Hiring Manager,

Dear Sir/Ma,

I am writing to apply for the position of a registered nurse at your facility, which the advertisement was sent to me by a friend.

As a registered nurse with 3 years of experience in general nursing care, my adequate knowledge and skills in providing excellent care to patients of various age groups make me a suitable candidate for this role.

In my previous roles as a registered nurse, I was tasked with administering medications, physical examination and monitoring of patients, health educating patients, keeping patient's environment safe and infection free using the infection control measures and assessment of other individual needs of patients and formulating a care plan to meet those needs. Also I was responsible for keeping detailed records of patients health care and communicating with patient, relatives and other healthcare team.

During my time in my previous roles, I have been recognised by both colleagues and superiors as an accountable and dedicated person, who is capable of working without supervision and open to learning new things.

I have attached a copy of my resume to support the selection criteria. I look forward to meeting and interviewing with you. I can be reached through my email address or telephone number.

Thank you for your time and consideration.

Sincerely,

Ameen Kabeerah Olamide.

Curriculum vitae of Ameen Kabeerah Olamide
