

OKOYE VIVIAN CHIZOBA

Address: C Close, House 2A Efab Estate Life Camp Annex FCT, Abuja.

Okoyevivian995@gmail.com | Tel: +234-7061193540

PROFILE SUMMARY

I am a dedicated, optimistic, and trustworthy biomedical professional, an experienced leader with good knowledge, understanding, and practical experience in Laboratory medicine. I have an excellent analytical, organizational and communication skills. I am able to work with little or no supervision, always willing to take up new challenges within and outside the core medical practice. I am highly dependable, Creative and goal oriented.

PERSONNAL DATA

DATE OF BIRTH:	5 TH July, 1995
GENDER:	Female
MARITAL STATUS:	Single
NATIONALITY:	Nigerian
STATE OF ORIGIN:	Enugu
HOME TOWN:	Aguobuowa
LOCAL GOVT AREA:	Ezeagu

EDUCATION WITH QUALIFICATIONS

University of Nigeria, Nsukka (Enugu Campus) Bachelor of Medical Laboratory Science. (B.MLS).	[2014/2020]
Victory High school, Igbariam Achara Layout, Enugu State. National Examination Council (NECO).	[2011/2012]
Divine Glory International Nursery& Primary School, Coal Camp Enugu State. First School Leaving Certificate (FSLC).	[2006]

WORK EXPERIENCE

- 1. NATIONAL YOUTH SERVICE CORP AT IGBOEZE NORTH HEALTH CENTRE, ENUGU STATE** [2022- 2023]
Medical Laboratory Scientist
 - Carried out varieties of point-of-care testing procedures (glucose test, Pregnancy test, urinalysis, HbA1c, and rapid kit testing (HIV, hepatitis and syphilis etc.)
 - Organized medical outreach for both workers and villagers

2. UNIVERSITY OF NIGERIA TEACHING HOSPITAL ENUGU, NIGERIA [2022]

Medical Laboratory Scientist volunteer

- Processed, Sectioned and stained various human samples for histopathological and cytological diagnosis, which includes; body fluids, Cells, and tissues.
- Collected tissues blocks and fresh samples for Immunohistochemistry investigation.
- Performed CD4 Counts on HIV+ samples of patients undergoing antiretroviral therapy.
- Utilized microscope for identification of malaria parasites, inoculation and isolation of microorganisms, antimicrobial susceptibility testing (AST)
- Analyzed various samples (blood, urine, Csf) for chemical pathological diagnosis; using Ion Selective Electrode Analyzers, (ISE) and other automated equipment.
- Examined and Screened blood samples for blood donation and transfusion, film making and reporting.
- Carried out varieties of point-of-care testing procedures (hemoglobin estimation, HbA1c etc.) and rapid kit testing (HIV1&2, hepatitis syphilis etc.)

3. FEDERAL MEDICAL CENTER, MAKURDI, NIGERIA

[2020-2021]

Intern Medical Laboratory Scientist

- Examined and analyzed various human samples for diagnostic purpose, which includes; blood, body fluids, tissues, and cells
- Utilized microscope, cells counters, and other high precision laboratory equipment for clinical diagnosis
- Utilized basic molecular techniques: viral inactivation, RNA and DNA isolation, and gene amplification with RT-PCR to diagnosed and monitored infectious diseases.
- Performed routine investigations such as, LFT, Kidney function, Fasting Lipid Profile, Electrolyte/Urea/Creatinine, Uric acid, Glucose, Calcium, Magnesium etc. using auto analyzers
- Prepared and counselled patients for special investigations such as hormone 2hpp, OGTT, 24hrs urinary creatinine etc.
- Maintained quality results by running quality control and assurance, verifying equipment function through routine equipment maintenance and calibrating equipment utilizing approved testing procedures, monitoring quality control measures and protocols.
- Ensured compatible blood/blood components transfusion by completing blood typing, antibody screening, compatibility testing and antibody titration procedure.
- Operated and has a knowledge of various laboratory equipment such as spectrophotometer, Abbot m2000sp, Clover HbA1c, Sensa Core Ise, centrifuge, Olympus microscope, ChemWell and Abbot chemistry analyzers, Roche etc.

4 UNIVERSITY OF NIGERIA TEACHING HOSPITAL ENUGU, NIGERIA [2015-2019]

Undergraduate Intern

- collected samples (blood, and other body fluids) for routine analysis
- Prepared standard volumetric solutions and reagents needed for sample analysis
- Managed and operated various laboratory equipment.

5 SALES REPRESENTATIVE AT CHINMARK COMPANY ENUGU BRANCH, NIGERIA[August, 2020 - October, 2020]

6 DEVELOPMENTAL OFFICER AT MINISTRY OF ENVIRONMENT, ENUGU NIGERIA[March, 2019 – December, 2019]

PROFESSIONAL MEMBERSHIP

- Member of Association of Medical Laboratory Scientists of Nigeria (AMLSN) [2021 till date]
- Member of Nigerian Medical Laboratory Science Students Association (NIMELSSA) [2014-2019]

VOLUNTEER EXPERIENCE

- Medical Laboratory Scientists at University of Nigeria Teaching Hospital, Ituku, Ozalla (Unth) [2022]
- Laboratory scientist at AIDs Preventive Initiation of Nigeria (APIN) public health laboratory Makurdi [2020 -2021]
- Team Lead, Divine mercy devotion Catholic Society Medical outreach programs. [2017, 2018]
- Program coordinator, Nigeria Medical Laboratory Science Student Association (NIMELSSA) UNEC Chapter health week.

CERTIFICATIONS

- Basic Molecular Biology Module 4: PCR and Real-time PCR [2021]
- Biomedical science Conference “Saving the Future now” [2022]
- Capacity development in prevailing health challenges CPD [3] [2022]
- Accelerated Jobberman Soft Skills Training [2023]
- Accelerated Jobberman Financial Literacy [2023]
- Data analytics program [ongoing]

SKILLS

- Good Phlebotomist, Quality management skills and Good communication.
- Sound knowledge of research designs and research methodologies.
- Competent in the use of Laboratory equipment and Automations.
- Critical thinking, Effective time management skills and Team leading
- Good use of Internet, MS word, Excel, PowerPoint and Google spreadsheet.
- Data analyst
