NURSE (RN)

Registered nurse with strong experience in delivering quality care to patients. I have strong knowledge of medicine, pharmacology and standards of care in the hospital or private practice setting. Caring and reliable person with a reputation for building a great rapport between medical providers and patients. Committed to making patients more informed and comfortable during their care. I work accurately, effectively, efficiently, and diligently in any organization or clinic am employed.

KEY SKILLS

Dedicated patient advocate, which has me putting the needs and care of the patient above everything else

Strong oral and written communication skills since much of this job requires speaking to patients kindly and discussing care with other medical staff.

Expert multitasker and highly organized, making it easier for me to manage several patients on my caseload.

Good listening skills, which has made me better understand the patients and learn quickly from my superiors

WORK EXPERIENCE

Lokoja City Clinic and Maternity
Nurse (RN)

Jan 2023 - Present

- I assessed vital signs of patients to note their physical condition considering temperature, pulse, respiration and blood pressure.
- I carried out cannula fixation for patients
