WORK EXPERIENCES

**Pharmacy Supervisor,
Maritime Academy of Nigeria, Oron.
Akwaibom, Nigeria.**

December 2020 – December 2022.

- Coordinated the pharmacy extensively on product/drug selection, quality assurance, receipt of commodities, efficient storage and distribution systems including laboratory logistics.
- Coordinated the reception of deliveries of malaria test kits, Arthemether - Lumefantrine combinations and injectables from USAID GHSC -PSM Store Awka, conducting malaria sensitization seminars with the clinic staff and distribution of insecticide treated mosquito net.
- Served as liaison between the Maritime academy and government regulatory health agencies such as MoH, the Pharmacists Council of Nigeria (PCN), engaging stakeholders and obtaining the necessary certificates and licenses for the seamless operation of the pharmacy activities.
- Optimized pharmacy and pharmacy store operations by developing SOPs to facilitate prescription screening, dispensing, critic, documentation, access, pharmacovigilance and adverse drug reporting, documentation and optimal storage.
- Supported the pharmacy to generate essential drug list based on NPHCDA minimum standards and ensuring linkage of the pharmacy to certified vendors.
- Established the appropriate storage and handling of all health commodities according to USAID/PEPFAR guidelines to ensure complete product safety.
- Standardized the administrative procedures such as seminars, trainings, transportation, documentation and procurement of services
- Planned, executed and supervised monthly and quarterly physical assessment of all commodities in the inventory and help identify and resolve stock discrepancy sources, monitor stock outs and near-expiries alongside the consumption data.

**Superintendent Pharmacist
Befit Health Pharmacy,
Abuja, Nigeria.**

January 2020 – December 2020

- Led a three-man cross functional team consisting of a pharmacist, a nurse and a sales attendant to deplete over 300,000 worth of short dated products, by employing **strategic procurement** and cross selling, I was able to achieve over 75% reduction of the short-dated products within 3 months of resumption.
- Conducts regular and planned collation and analysis of daily sales and procurement data to enable accurate forecast and strategic procurement, this led to over 65% reduction in overstocking in a span of 6 months.
- Pro-actively chaired day-to-day project implementation and ensured conformity to expected results and project work plan
- Coordinated the preparation of payment requests for operational expenses, salaries, insurance, against project budget and work plan
- Contributed to the preparation and implementation of progress reports
- Created and updated staff information in personnel files
- Established and executed logistics workflow including market surveys in accordance with organization's rules and policies.
