PROFILE SUMMARY

With a decade of experience leading radiology teams to deliver accurate and timely results, I possess expertise in managing radiology departments, ensuring regulatory compliance, and improving processes across medical organizations. Skilled in achieving operational efficiency, delivering timely results, and maintaining a strong focus on patient well-being.

SKILLS

- Diagnostic Imaging.
- Advanced Radiologic Equipment Operation.
- Patient Care and Comfort.
- Image Analysis.
- Collaboration and Communication.
- Quality Control.
- PACS Systems.
- Department Management.
- Training and Mentorship.
- Workflow Optimization.
- Policy Development.
- Radiation Safety & Protection.
- Compliance.

EXPERIENCE

Garki Hospital, Area 3, Garki, Abuja - *Chief Radiographer.*

2019 - **PRESENT**

- Train and mentor junior radiographers ensuring high-quality imaging practices.
- Develop and implement departmental policies and protocols to streamline operations and improve efficiency.
- Oversee the daily operations of the radiology department, including staff scheduling, resource allocation, and workflow management.
- Perform a wide range of diagnostic imaging procedures, such as X-rays, CT scans, MRI scans, ECG tests, ultrasound, and fluoroscopy.
- Ensure adherence to strict safety protocols, radiation protection, and infection control standards.
- Collaborate closely with radiologists and referring physicians to ensure accurate image acquisition and interpretation.
- Maintain and troubleshoot radiologic equipment, coordinating with service technicians for maintenance and repairs.
- Continuously update knowledge of the latest radiologic technologies and best practices to enhance patient care.

Body Affairs Diagnostics, Garki, Abuja - *Senior Radiographer (Part-Time)*

2021 - 2022

- Provide supervisory assistance to intern radiographers.
- Carried out ElectroCardiogram (ECG) tests on patients, prioritizing their safety.
- Carried out ultrasound procedures on patients.
- Managed daily patient schedules and coordinated the workload to optimize patient flow.
- Trained intern and student radiographers and on imaging techniques, equipment, and safety protocols.
- Assisted in maintaining compliance with regulatory standards and quality assurance programs.

Garki Hospital, Area 3, Abuja. - *Corps Radiographer (NYSC Corps -Member)*

2018 - 2019

- Provided training assistance to intern radiographers.
- Carried out ElectroCardiogram (ECG) tests on patients, prioritizing their safety.
- Conducted radiographic examinations, including X-rays, CT scans, and MRI scans, as requested by physicians.
- Demonstrated expertise in positioning patients, ensuring optimal image quality while minimizing radiation exposure.
- Maintained patient records, ensuring accuracy, confidentiality, and compliance.
- Participated in quality control and radiation safety programs to uphold the highest standards of imaging quality.
- Assisted in the training and supervision of student radiographers.
- Acted as an integral part of the emergency response team, providing radiologic services during trauma cases.

Federal Medical Centre Keffi, Nasarawa - *Intern Radiographer*

2016 - 2017

- Carried out X-ray examinations and obtained good-quality X-ray images as requested by the referring physician.
- Assisted in carrying out ultrasound procedures to patients.
- Explained different examination procedures (which include X-ray, Fluoroscopy, CT, and MRI examinations) to patients.
- Applied proper radiographic techniques when taking the X-ray images
- Correctly entered patient's data into the DDR machine and ensured standard labeling of the radiographic images taken.
- Maintained patient safety by applying proper radiographic techniques and observed standard radiation protection rules and regulations.
- Knowledge and experience in radiology information systems and Picture Archiving and Communication Systems (PACS).
- Assisted in organizing seminar sessions to train interns on best practices.

Nnamdi Azikiwe Teaching Hospital, Nnewi -*Student Radiographer*

Student Industrial Posting :2012 / 2013

- Observed CT scan examinations.
- Carried out x-ray examinations (on supervision).
- Practiced patient-centered treatment.
- Explained examination procedure to patients.
- Gained experience in patient positioning, equipment operation, and radiation safety protocols.
- Maintained accurate patient records and ensured patient comfort and safety.
- Assisted in conducting various positional x-rays
- Observed and learnt the fundamentals in conducting CT scans, MRI and other diagnostic imaging procedures under the guidance of experienced radiologists.

EDUCATION

University of Nigeria, Enugu- *B. Sc. Radiography* **2014**

Radiographers Registration Board of Nigeria (RRBN)

PGC Mammography	2019
PGD Magnetic Resonance Imaging (MRI)	2023
PGD Ultrasound	In View

SPECIAL EXAMINATION COMPETENCE

- Hysterosalpingography (HSG)
- Retrograde Urethrogram (RUG)
- Micturating Cystourethrography (MCUG)
- Barium Swallow (BS)
- Barium meal and follow through

PROFESSIONAL MEMBERSHIP

Member, Radiographers Registration Board of Nigeria (RRBN)
